C. M. WILSON

CHANDLERI ELEGANS

**SASANQUA CAMELLIA
SHOWA-NO-SAKAE**

Sasanqua Camellias

Showa-No-Sakae. Deep pink semi-double to double, some petals variegated.

Shishi-Gashira. Rose-red semi-double peony form.

Hiryo. Semi-double crimson red; vigorous habit.

Three above varieties: 1-gal. containers, \$3.50 ea.

Little Gem. Small formal double; pink buds open pinkish white with pink edges. New.

Jean May. Double shell pink, deeper near center.

Two above varieties: 1-year grafts, \$5.00 ea.

Bargains in Fine Camellias

All of the Varieties pictured here, as well as Chandleri Elegans and C. M. Wilson, pictured on reverse side:

Large plants in 1-gallon containers: \$2.95 ea.

Large plants in 5-gallon containers: \$7.50 ea.

Any six of these eight varieties:

1-gallon containers: \$14.95

5-gallon containers: \$39.50

Shiro-Chan

(White Chandleri)

Our beautiful new sport of C. M. Wilson, a true white sport with occasional pink basal coloration on some flowers.

Shiro-Chan has all of the fine characteristics of the parents — same habit of growth, same blooming season, same generous quantities of flowers.

1-gallon containers (1-year 8-12" grafts):	\$12.50
2 year 1-gallon graft, branched, 12 to 18 inches:	\$17.50 each.
2 year egg-can graft, 18 to 24 inches:	\$25.00 each.
3 year graft, 24 to 36 inches:	\$40.00 each.

Flowerwood

(PLANT PAT. NO. 1074)

Here is a variety that has won us many friends since its introduction in 1951. It is the popular Mathotiana (Julia Drayton) with the added charm of fimbriated petals. All the splendid attributes of the parent are found in Flowerwood — large size, profuse blooms and pleasing habit of growth.

Mrs. Nellie Eastman

Late flowering double light pink overlaid with carmine stripes. An unusual and remarkable Camellia. Upright, compact growth.

Sweet Sixteen

Our own seedling, introduced in 1949 and already a popular Camellia. It is semi-double and blooms in mid-season. The pointed petals are very pale pink, almost white.

PRICES FOR THREE ABOVE VARIETIES:

1-gallon containers	\$3.50
5-gallon containers	\$9.75
